New Year Resolutions - Are you sticking to yours ?

Apparently the tradition of the New Year's Resolutions goes all the way back to 153 B.C. Janus, a mythical king of early Rome was placed at the head of the calendar.

With two faces, Janus could look back on past events and forward to the future. Janus became the ancient symbol for resolutions and many Romans looked for forgiveness from their enemies, and also exchanged gifts before the beginning of each year.

That said, for most of us starting a new year is just a convenient time to refocus and to make a few personal promises. (New Year's Resolutions) Whether it is to exercise more, eat better, travel, to give up smoking or simply to watch less TV, planning ahead, positive thinking and getting organised is definitely a good thing.

One place to find advice and support i.e. Nutrition Advice, is on your HMAP-Employee Support Website. There are pages of helpful information and downloadable PDFs, including step-by-step programmes (self-help).
